Short text containing the type of work done, results obtained, lessons learned and other insightful remarks.
Here too, ending a line with a backslash forces a line break. List items do a line break by definition. But regular consecutive paragraphs get concatenated into one unless backslash is used. Can also include lists and links:
◦ First item
◦ Item with link. Links will work both in the html and pdf versions.
That Other Job You Had, *at company*, Saturn. **2017-2020**
Also with a short description.
And more description

Personal projects

github.com/githubuser/superlongprojectname, *LOLCODE*. **Awesomizer**
For items which don't have a clear time ordering, a definition list can be used to have named items.
◦ These items can also contain lists
 - And nested lists
 · But you need to mind the indentation levels in the markdown source.
◦ Second item.
kernel.org, *JavaScript*. **Linux Kernel**
implemented multithreading over a long weekend
node.js: which was actually totally my idea. **COBOL**: I invented it
Special relativity: derived the famous equation $E = mc^2$ in my spare time
You can use a \newpage directive to force a new page.
